Subject: FW: Background information for Anaconda Health Study: Discussion with ATSDR
Attachments: McCumber petition letter.pdf; Dr. Breyse's response to McCumber.pdf; Initial call with Dr Breyse V3.docx

Hi Doug...Given that we mention the health study in our talking points for the Anaconda Site in Montana as part of the Administrator's List, I wanted you to be aware of work Dan Wall has been doing to have ATSDR's participation with such a study.

As a result, the Agency for Toxic Substances and Disease Registry (ATSDR) Director, Dr. Patrick Breyse would like to schedule a call with the you to 1) Introduce himself and 2) discuss the ATSDR's role in evaluating health concerns at Anaconda.

Included here is a background paper, along with the referenced letters.

Please let us know if you have any questions, or need additional information.

Thanks
Betsy
